OneERP Solutions, LLC

# HEALTH STAFFING SOLUTIONS

## OneERP Solutions, LLC (OneERP) is a Joint Commission-certified Joint Venture between two highly regarded firms – OnesourcePCS, LLC (OPCS) and Enterprise Resource Planning International, LLC (ERP).

Together, we form a nationwide leader in healthcare staffing, delivering high-quality clinical and non-clinical personnel across all 50 states. OPCS brings deep expertise in clinical occupational health staffing for federal, state, and local agencies, while ERP is a nationally recognized leader in the delivery of complex health, science, and technology services for public and private sector clients.

As a trusted partner on the Defense Health Agency's (DHA) Medical Q-Coded Services Next Generation (MQS2-NG) contract vehicle, OneERP is proud to support a major initiative aimed at improving efficiency, readiness, and quality of healthcare services for military personnel and their families. Our work under MQS2-NG (including a 90%+ Overall Fill Rate) reinforces our ability to deliver critical staffing across a wide range of care settings—efficiently and consistently.

## MISSIONS

### Demonstrated Performance

We've provided 900+ personnel at 100+ government components across 40+ states, executing 1500+ task orders over 18+ years of experience.

**100+** GOVERNMENT COMPONENTS

**50** STATES

**1500** TASK ORDERS

**20+** YEARS OF EXPERIENCE

## OUR RELEVANT MQS METRICS OVER THE LAST 15 MONTHS:

- **90%** on Overall Fill
- **<15%** on Turnover
- **90%** on Replenish
- **99%** on Incumbent Retention

Our high-performing, organic clinical staffing recruitment team uses a proven "right fit" recruitment model to drive exceptional hiring and retention rates. Our customers range from the military service branches, DHA and VA to State and local governments and commercial industry organizations. OneERP is a trusted partner in the recruitment, screening, credentialing, placement, and retention of mission-critical health care professionals in positions including Administrative and Clerical, Ancillary Services, Clinical Research, Dental Services, General and Specialty Physicians, Logistics and Equipment, and Nursing Services.

With corporate offices in Laurel, MD; San Antonio, TX; Montgomery, AL; and Pensacola, FL, OneERP combines national reach with local responsiveness.

OneERP has excelled at placing significant numbers of Healthcare Professionals across all Labor Segments during 2024. Our team is purpose-built to harness their hands-on and proven knowledge of not only specific markets, but what it takes to identify and place exceptionally qualified, vetted experts where they're most needed, ensuring they are the best fit for the environment and team and are motivated to stay.
